

# Year 1 Home Learning Summer 1

Our Year 1 weekly home learning expectations are to read your e book at home to an adult, at least 5 times a week. Please also share books with adults at home.

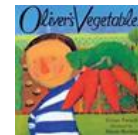

You are also expected to complete at least one of these projects which you will bring in to present to the class. Deadline for these to be in school is Monday 19<sup>th</sup> May 2025

## Maths

Make a 2D shape picture. How many different shapes can you use? What are they called? Can you describe them using vocabulary of sides and vertices (corners)?

## English

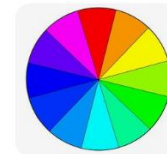

Write a story about a garden. What vegetables and fruits would you grow? Can you use some adjectives to describe them. (Tasty tomatoes, crispy lettuce, crunchy carrots, etc.)

## Science

Can you create your own garden? What trees and plants will you have? What animals will there be? What type of habitats will you have? Create this however you would like. (Picture, model, etc)

## Art

Practise mixing colours. Can you create a colour wheel? Create this in an imaginative way - using petals, marbles, lego bricks, etc.
