

Year 4 Home Learning Autumn 2

Our Year 4 weekly home learning expectations are:

Develop your times tables fluency and ensure you do at least 15 minutes of Times Table Rockstars every week

Read your school reading book five times per week.

Learn your spellings each week.

You are also expected to complete at least one of these projects which you will bring in to present to the class.

The deadline for these to be in school is Monday 16th or Tuesday 17th December 2024.

Maths

Can you design and create a way that will help others to tell the time?

Be as creative as you want! It might be a game, a song, a clock.

[33 Fun Telling-Time Games and Activities \(With Free Printables!\)](#)

English

As we are leading up to Christmas you could write a Christmas poem using similes, alliteration, metaphors and personification.

You could embellish/publish your poem by creating a Christmas scene to accompany it, or write it using a border of your choice.

Perhaps you could even write it inside your own hand made Christmas card.

Science

- Create a PowerPoint or a poster that promotes the importance of healthy eating.
- Create a model or diagram that explains the role of different teeth and how important it is to keep your teeth clean.

Design and Technology

We have been learning about designing a pavilion structure.

Can you build a different type of structure? You could create a model to bring in or create an outdoor structure take some pictures and discuss how you designed it, made it and built it.
